DAYLIGHT ROBBERY

BOLD BANDITS HOLD UP CHICAGO CASHIER AND GRAB \$7,000.

By United Press.
Chicago, Dec. 9.—Three young bandits entered the north side branch of the Prudential Life Insurance company this morning, bound Lare Wold, watchman and Mamie Hain, clerk, awaited the arrival of Emma Schlinske, cashier, from the safety deposit vault with a week's payroll satchel containing \$7,000 in cash and escaped in a waiting automobile.

ROBBED OF \$11,000

MERCHANT FROM MONTEREY, MEXICO, BIG LOSER. ROBBERS ESCAPE.

By United Press.
Laredo, Dec. 9.—A Monterey merchant wires the military authorities at Nuevo Laredo that he was robbed of \$11,000 last night on a train en route here. When the train arrived at Nuevo Laredo, soldiers closed the doors and searched the 300 passengers, but no money was found. It is believed the robbers secretly left the train before its arrival.

PER CAPITA PAYMENT BILL INTRODUCED

Washington, Dec. 9.—This session of congress will see a revival of the fight to reopen the rolls of the Choctaw and Chickasaw Indian tribes for the enrollment of Mississippi Choctaws or other claimants under the treaty of Dancing Rabbit Creek. Senator John Sharp Williams of Mississippi introduced a bill dealing with the question. Attorneys are said to hold contracts with 25,000 claimants. The recognized Mississippi Choctaws are from 1,200 to 1,800 in number.

Representative Murray of Oklahoma also has offered a bill for a per capita payment of \$100 to the Chickasaws and \$200 to the Choctaws, which, if passed would mean a distribution of nearly \$5,000,000 to members of those tribes in Oklahoma. The Mississippi Choctaw people will resist the payment pending a settlement of their claims.

FATE OF TANKER STILL IN DOUBT

By United Press.
Rome, Dec. 9.—Conflicting reports about the American tanker Communi-paw, reported submarined, continue to reach the American embassy. She is variously reported sunk, captured and safe.

HONOLULU AFTER REPUBLICAN CONVENTION

San Francisco, Cal., Dec. 9.—Honolulu will try to get the national Republican convention and to that end the island residents have pledged \$100,000 and in addition are prepared to charter two special steamships to carry the delegates, according to Lorrin Andrews, Republican national committeeman from the territory of Hawaii, who was here today en route to Washington to attend the meeting of the national committee.

Railroad Earnings.

Gross earnings of United States railroads making weekly returns to Dun's Review continue to show improvement, the total of all roads that have so far reported for three weeks in November amounting to \$28,821,686, an increase of 15.0 per cent, as compared with the corresponding period a year ago. Every important system in the South, notably Southern, Chesapeake & Ohio, Louisville & Nashville, Mobile & Ohio, and Western Maryland makes a very satisfactory statement, testifying to the recovery that has taken place of late in general business throughout that section. In the West and Southwest, however, one or two small roads still report some contraction, but the loss is far more than offset by the gains on Missouri Pacific, Colorado & Southern, Denver & Rio Grande, Texas & Pacific and other leading lines, which indicate generally prosperous conditions among the railroads in that part of the country.

The recently opened Cello canal has added 400 miles to the navigable extent of our second largest river, the Columbia.

GERMAN CONSUL MUCH PEEVED

Special to the News.
San Francisco, Dec. 9.—German Consul Bopp says: "I don't like this country any more." He predicts a general exodus of German-Americans after the war because of this country's attitude toward the Fatherland.

BASKETBALL ON AT UNIVERSITY

Norman, Okla., Dec. 9.—(Special)—With fifty men reporting for early work, Coach Bennie Owen and his Sooners have now transferred their activities from the gridiron to the basketball court, where they will have one of their heaviest schedules in recent years.

Prospects are especially good for a winning team, there being all but two of last year's players already out for practice and one of these will report just as soon as his nose, injured in football, is well again.

The schedule will open Dec. 15 and 16 with a pair of games with Southwestern State Normal school of Weatherford on the local court. A feature of the season's schedule will be the dash into Missouri and Kansas, when the Oklahoma quintet will match powers with teams in the states north, including the University of Missouri.

Entrance to little Auto Contest closes Monday, Dec. 13. All wishing to enter must be in by this date. Coupon books on sale at \$1 and \$5, good anytime. Votes must be turned in to be counted to date and published. Votes given with both Jewelry and Optical Goods.

AT

COON'S

FORD VERY OPTIMISTIC

OFFERS BIG BET THAT PEACE WILL REIGN BEFORE CHRISTMAS.

By United Press.
Aboard Peace Ship Oscar II, Dec. 9.—Asquith's declaration in the House of Commons yesterday, that the Allies will consider any serious peace proposal causes great rejoicing in the Ford Peace Party. When received via wireless. "I'll bet this ship against a cent that we'll have the men out of the trenches by Christmas" said Ford.

GERMANY'S DEFIANCE

CHANCELLOR DECLARES IN SPEECH THAT SHE IS NOT ASKING PEACE.

By United Press.
Berlin, Dec. 9.—Chancellor von Bethmann-Hollweg speaking in the Reichstag made known Germany's position regarding peace. "It would be folly for Germany to make proposals which would not shorten but lengthen the duration of the war. As long as in enemies countries, the guilt and ignorance of statesmen is entangled with the confusion of public opinion," said the chancellor. The masks must be torn from the faces of the enemies first. At present they speak of a war of annihilation against us. We must consider this fact. Theoretical arguments or propositions for peace will not advance us; will not bring the end nearer. If our enemies make peace proposals compatible with Germany's dignity and safety we will always be ready to discuss them. Fully conscious of our unshaken military success we decline to assume the responsibility for a continuation of the misery which now fills Europe and the whole world. Nobody can say we are continuing the war because we want to conquer this or that country as a pledge." The members cheered the chancellor's speech.

Phillip Scheidemann, a Socialist leader, replied that notwithstanding her great victories, Germany has also made heavy sacrifices and the present moment is opportune for peace talk.

"If the war continues," shouted Scheidemann, "the United States will be the only victor; Europe will commit suicide."

Allies Retreating
Athens, Dec. 9.—The Anglo-French have begun to retire in southern Serbia toward the Greek frontier. It is believed here this is part of a general plan determined on immediately after the Serbian retreat. The allies are outnumbered two to one.

News of the retreat caused the greatest excitement here. With the battle drawing close to the Greek frontier it is realized that King Constantine must decide between the entente and central powers in a few days.

Greece May Resist.
London, Dec. 9.—Rome correspondents delayed cables state that Greece is preparing to resist if the allies attempt by force to compel compliance with their demands. With the aid of Teutonic agents the Greeks are also preparing to fight the commercial blockade. Germans assure the Greeks their submarines will render inefficient any allied blockade.

Russians Concentrating.
Zurich, Dec. 9.—The frontier station Ungen and harbor of Reni, near the Roumanian frontier have been closed by Russians. Thousands of Russian troops are arriving at these towns according to Bucharest dispatches.

Turks Are Active.
Constantinople, Dec. 9.—Turks are marching toward Aden the chief trading center of Arabia. Aden is a British possession near the entrance of the Red sea.

Fair once again, says the weather man of Friday.

It seems impossible for some men to be polite to other people, except when they are after a favor.

Wilson hits the nail squarely on the head when he says the tariff is the only issue left for the Republicans in next year's campaign. They can't cry hard times and empty dinner pails this year, nor charge that the country has gone to the demerit bow wows as a result of Democratic incompetence. Confronted with the factories all running night and day, even the tariff will not command the prestige as an issue as in times past.

It strikes us that there is little wisdom in the matter of making many of the appropriations which are railroaded through congress for improvement of waterways. Some of them are really necessary, but in most cases it does little good, because it has been demonstrated that capital will not invest heavily in steamboats for the simple reason that they do not pay. If the investment paid the rivers would be alive with steamers and the appropriations would be justified.

OCTOBER, 1915, IMPORTS, EXPORTS, AND TRADE BALANCE

Washington, Dec. 9.—American foreign trade rose to the new high level of five billion dollars in the 12 months ending with October, 1915, according to figures made public by

the Bureau of Foreign and Domestic Commerce, Department of Commerce. Imports of merchandise amounted to \$1,691,748,013, compared with \$1,880,414,501 in the preceding period, while exports aggregated \$3,318,634,626, against \$2,140,847,829 in the 12 months ending with October, 1914. October exports also established a new high record, rising to \$334,633,578, or \$33,961,756 above the former record made in September last, and comparing with \$194,711,179 in October, 1914, and \$271,861,464 in October, 1913. October imports were \$148,529,620, against \$158,080,520 in October, 1914, and \$177,847,986 in October, 1912, the former October record.

The export balance for October was \$186,108,958, against \$56,630,650 in October, 1914; and for the 12 months ending with October, \$1,626,886,623, compared with \$260,433,328 in the preceding period.

Free merchandise comprised 79.91 per cent of the total imports of October, 1915, as against 62.97 per cent of those of October, 1914.

Gold imports during October, 1915, amounted to \$79,669,359; against \$5,945,003 in October last year; and gold exports were valued at \$2,938,300 in October, 1915, compared with \$50,301,972 in October, 1914. October thus showed a net inward gold movement of \$76,873,059, instead of a net outward gold movement of \$44,356,969 in October last year. For the twelve months ending with October gold imports aggregated \$357,661,165, compared with \$58,001,088 in the preceding period; and gold exports for the 12 months ending with October amounted to \$30,532,386, against \$225,194,301 a year earlier. A net outward gold movement of \$167,193,213 in the 12 months ending with October last year has been followed by a net inward gold movement of \$326,528,779 in the 12 months just ended.

Taking Tea With Dolly

CITIES MUST HELP IF THEY WANT WATERWAYS DEVELOPED

Washington, Dec. 9.—Persons interested in waterway development from all corners of the country were on the program today at the meeting of the National rivers and harbors congress here.

Gov. Edward F. Dunne, Illinois, is to speak on "The Illinois Waterways"; former Gov. A. O. Eberhart of Minnesota, president of the Mississippi Valley Terminal league, on "Who is Responsible for Failure to Develop our Waterways"; former Congressman J. H. Davidson of Wisconsin on "The War Against Waterways"; Rep. J. H. Meeker, St. Louis, on "The West and Its Waterways"; Senator James A. Reed, Kansas City, on "The Missouri River"; Edward F. McSweeney, chairman of the board of Director of the Port of Boston, on "The Obstacles to Waterway Development and Their Vital Interest to Manufacture and Wage Earners"; R. A. C. Smith, commissioner of the Department of Docks and Ferries of New York City, on "Congress and Our Seaboard Harbors"; Rep. Wil-

liam S. Bennet, New York City, on the New York Waterway problem; Henry W. Hill, Buffalo, president of the New York State Waterways Association, on "The Great Lakes and the Erie Canal"; Mayor James H. Preston of Baltimore on "Chesapeake Bay and Its Tributaries"; Mayor Martin Behrman, New Orleans, on "The Port of New Orleans"; former Rep. Thomas H. Ball, Houston, Texas, on "Waterways of Texas"; Senator Jas. B. Pelham, San Francisco, on "California and Her Waterways"; Rep. William D. Stephens of California on "The Port of Los Angeles"; Col. C. Mc D. Townsend of the federal engineering corps and president of the Mississippi River commission, on "The Utilization of Western Rivers"; William E. Humphrey of Washington on "The Waterways of the Northwest"; Rep. Ben G. Humphries of Mississippi on "The Importance of the Mississippi River"; A. E. Dillmont of Argentina on "Argentina and Its Waterways"; Wilbur F. Decker, president of the Minnesota Civic and Commercial Association, on "The Northwestern River Situation and the Mississippi River As a Means of Relief," and C. W. Ashcraft, of Florence, Ala., on "The Tennessee River."

Gov. Eberhart declared that the people in the cities who refuse to provide terminals are the persons responsible for the lack of waterway development. Commissioner Smith declared that the port of New York was being neglected by congress, and should have larger appropriations.

FARMERS DECRY RED TAPE IN RESERVE BANK LOANS

By United Press.
St. Paul Minn., Dec. 9.—Are the farmers receiving any real benefits from the establishment of a federal reserve bank in this section? The convention of 6000 midwest farmers was expected to go on record as saying no to that question when it is put up to them at the final session of the Equity Co-operation Exchange here today.

The farmers' complaint against the reserve bank methods of loaning money to farmers and to farm hands, is that there is too much red tape about it. Officers of the exchange, while admitting that the theory of the federal reserve bank is good, declared that in practice too many obstacles were put in the way of the farmer.

WOMEN VOTERS MEET IN CAPITAL TO PLAN CAMPAIGN

By United Press.
Washington, Dec. 9.—The Woman Voters' convention of the congressional union, at which will be discussed the progress of the fight for suffrage during the last year, and at which plans for the coming year and especially the winter's program in the capital will be considered, opened here this morning with 300 officers from all parts of the country present. Miss Alice Paul, chairman of the national executive committee, called the convention to order. Mrs. Nina E. Allender, of the district, welcomed the delegates, and Mrs. Lawrence Lewis replied. Committee reports and reports from the state branches were presented.

MAY ELECT MRS. BURROWS MAYOR TODAY

By United Press.
Vancouver, Wash., Dec. 9.—City election was in progress here today. Milton Evans, Republican and Mrs. Elizabeth Burrows were being ballotted on for mayor. The Democrats did not nominate a mayoralty candidate.

FROM PARIS TO SOLONIKI

By William G. Shepherd
(United Press Staff Correspondent.)
Salonica, Oct. 31, (By Mail).—The four jumps from Paris to the Saloniki front take three weeks; they are full of waits, interest and excitement, of submarine dodging, sightseeing. Perhaps you'd like to take the trip. John McCutcheon, the American cartoonist, and James H. Hare, veteran war photographer, are in the party.

Very well! It's 10 at night in the P. L. M. station in Paris and you're climbing into the sleeping car. You've been worrying. Four days ago you reserved berths and paid a bonus to your hotel for securing them. As the train pulls out you discover that the war is practically our private car. Few folks are traveling toward Italy in wartime.

You ask the porter for a detachable lamp for your berth.

"Haven't got any extra ones."

"Why?"

"This is wartime."

"That's silly," you say angrily.

"Say! I used to run on the Oriental express from Vienna to Constantinople," says the French porter, who is also conductor. "Didn't I use to see you hanging around Vienna?"

"Never been in Vienna," you lie. But what he has said cools you down, he's practically telling you that if you don't shut up about the berth lamp he'll charge you with being an Austrian spy. He's got the drop on you; you're nothing but a poor, helpless foreigner in France in wartime. So you go to bed without the lamp; no chance of reading yourself to sleep this night.

There's a dining car hitched on for breakfast. But there's nothing but coffee and bread; no eggs, no bacon — "it's the war!"

There's no diner for lunch. Same reason. For supper you jump off at a station, buy a cold chicken, pickles and bottled water and get the crumbs all over the carpet of your compartment.

The second morning you're in Rome. Your trunk doesn't show up. It's back in Paris. Same reason as no eggs.

At the American embassy you find Ambassador Thomas Nelson Page greatly worried as to the welfare of his son-in-law, a major in the British army. A British transport has been sunk near Salonica; the chances are his son-in-law was on it, but there is no way to learn. Will you carry letters to Salonica for the major and try to learn something as to his welfare? It's an errand you gladly assume. You're going right into the fog of war and you may meet the major there if the ambassador's fears are not well founded.

There's a day lay over in Rome and you go to see the ruins of the forum. It's a sadder sight than it has ever been in all its 2,000 years. It is deserted, except for two old guides, professor looking persons; the paths which have been pounded by the feet of scores of thousands of American school teachers, of girls from American finishing schools, and of a few other tourists, are empty.

The two guides quarrel for you, in a professor-like and dignified manner and you take the one whose frock coat is the shabbiest.

"You're the first American tourist that have been here for five months," he says.

"We're war writers," you explain, "not tourists."

"The two Americans I took

COMMISSIONERS APPOINT COUNTY ENGINEER

Wednesday the County Commissioners appointed F. D. Brown of Shawnee as county engineer, an appointment which he accepted. They had this matter under advisement some months ago, but the deal was not finally consummated until this term.

Mr. Brown will have supervision of the roads of the county and the work will be done under his direction. He is recognized as one of the most competent road engineers in Oklahoma and good results are expected here.

ANOTHER STRETCH OF ROAD OPENED

The County Commissioners have opened a stretch of road just South of Abbott's store, between Ada and Byrd's Mill, which will be of great service to the citizens of that part of the county. They have already pledged themselves to donate work amounting to not less than 50 days with teams to improve the new road. Part of the work will consist of cutting down a hill at Jack Fork so that the creek can be forded. Sometime in the future a bridge will likely be placed there.

Pleasing Perfumes

You are sure to please if you present perfumes of the right quality. Ours is a well-selected stock of the most exquisite odors of English, French and domestic makes, odors as sweet as the flowers they imitate. They are enduring, no matter how delicate, because they are the true extracts blended by the world's best perfumers.

These delightful perfumes may be had in bulk and in beautiful packages especially designed for holiday giving.

WALKING CLUB CRAZE REVIVED AT GOTHAM

(United Press Correspondence)
New York, Dec. 9.—Revival of the walking club habit is taking New York folks by storm. So many pedestrians are hiking north on the Yonkers road every Sunday it looks like a parade. With tennis frozen out, and golf only possible on miniature courses on hotel roofs or at the winter resorts, most of the racket and bogey fiends have joined the hikers.

Clubs with high-sounding titles, including the Walkers Association of America, for instance, have been formed and are padding the macadam twenty-five miles or so every Sunday. From Van Cortland park to Ardsley is the favorite jaunt, though some of the Western imitators are striking off into the mosquito belt of Jersey. Several walking clubs composed exclusively of women have been formed.

The Amateur Athletic Union has given evidence that it will make a thorough probe of all charges of professionalism. The Kiviat-Smith case, to be ruled on finally early in January, is but the forerunner, it is announced, of a long list of investigations.

PARISH CHAPEL

Well, hello, we are not all dead down here yet and we thought we would write again as it has been a long time since we wrote last.

Everybody is busy trying to get their cotton out.

Brother Coggins passed through Saturday going to his meeting over North.

Bro. Odom filled his appointment Saturday and Sunday at the Chapel. A nice crowd was out Sunday. Bro. Odom has the care of the church for a year.

Mr. and Mrs. Bell were down Sunday to see their daughter, Mrs. Myers.

Born to Mr. and Mrs. Den Dryden November 30, a boy. Both the mother and baby are doing nicely.

Mr. B. J. Downing is on the sick list. We hope he will be all right again.

There was prayer meeting at Mr. Mart Roberts' Sunday evening.

We understand that the school at the Chapel won't begin until the first of the year.

We understand that Mr. W. T. Robinson is going to move on the Jess Chancer place close to the school house.

FITZHUGH

Prof. Edmiston, a competent singing teacher, began teaching a singing school in the church house at this place last Wednesday night and has a good class. He teaches the art of reading music every afternoon after four o'clock. We hope this school will prove a success and think it will if every one will take interest and it seems that they are. It is a ten night school.

There will be a box supper and a program Saturday night, every one cordially invited to attend. Every lady is kindly requested to bring a box well filled. It doesn't make so much difference about what kind of a box it is. The men and boys are always more interested about the contents of the box. Now lets see that we don't disappoint them, when they buy the boxes. Let's show them that the Fitzhugh women and girls can cook as well as sing. The proceeds of the supper will go to defray the expenses of the singing school and to pay Prof. Edmiston for his time and trouble and we hope the box supper will prove a success, and that Mr. Edmiston will not be disappointed but will go his way rejoicing that he taught a singing school at Fitzhugh and perchance he will return some time in the near future to assist us again. The singing school he taught here last year was quite a success.

Rev. Jones, pastor of the Baptist church at Roff preached here last Sunday afternoon. There will be preaching every Sunday afternoon at the church. The Baptists will have preaching every first and third Sundays and Methodists every second and fourth Sundays in every month. Every one is invited to attend all services.

Mr. Woodard went to Ada Monday on business.

Mr. Cass Hill is on the sick list this week. Mr. Vincent is working in his place.

Mrs. Philpott's brother and wife who have been on a trip to western points are stopping with Prof. Philpott and family for a few days on their way home. Mrs. Philpott and little daughter Pauline will accompany them home to spend the holidays with her parents.

Mrs. J. B. Edwards and little son left Sunday for Ft. Worth and Dallas, Texas to purchase holiday goods for their store.

Miss Ocia Hawkins of Ada visited Saturday and Sunday with her sister Mrs. J. B. Edwards.

Miss Ella Walls is visiting her sister Mrs. Johnson of Horseshoe Ranch. Mrs. W. W. Cox and daughter are in Fitzhugh this week.

Dr. Overton was a business caller at the county seat Monday.

The moonlight school began here last Monday night, conducted by Bro. Philpott and assisted by Misses Mary McCleskey and Callie Morgan. Every one seems enthused over the efforts of Prof. Philpott in this school. It is not for the adults, but others who have time to attend day school or are otherwise hindered are invited to attend. It is something that will help any town. It won't hurt any of us to review our old studies and take up new ones, if we wish, and it will also help us in a social way. The attendance Monday night was very good. The school will be open Monday, Wednesday and Friday nights of every week. Now lets all get together and do our best, so that Prof. Philpott will not become discouraged.

Mr. and Mrs. S. B. Ethridgs and family spent Sunday afternoon with the family of Mr. Agee, the depot agent. They also went pecanning and had a nice outing.

Mr. Bill Simpson and family are visiting the family of A. S. J. Cartwright and other relatives this week. They are moving to a farm west of Fitzhugh where they will reside.

Mr. Walter Gresham's household goods and farm implements were sold here last Wednesday to the highest bidder. He and family are moving to where his father is living. We wish for them much success.

Several of this place attended trades day at Roff, Monday.

Misses Frances and Mittie Lancaster visited Miss Lela Martin of Roff, several days last week. Miss Lela accompanied them to Fitzhugh and visited until Monday.

Mr. Marshall Kirk and family of Sulphur are visiting his parents, Mr. and Mrs. Bob Kirk.

Mrs. Oscar Templeton and baby visited her parents, Mr. and Mrs. McCracken, Saturday and Sunday.

Mr. Sweeney of Galveston is now mechanic for the City Garage and is prepared to do repair work on all makes of cars. Prices reasonable. 12-8-6t*

In the United States there were, by the census of 1910, 47,332,277 males and 44,030,989 females, or 104.4 to each 100 females.

GALEY NEWS

Everybody certainly enjoys this fine weather we have been having. Don't know how much longer it will be pretty.

Mr. Smith, the oil man, is down in our country getting up leases for oil.

Rev. Coggins of Center filled his appointment last Sunday, also had Bro. Stone.

We had another wedding, Mr. Hestand Estes of Galey and Miss Fannie Pannell of Summer's Chapel were united in marriage last Sunday evening. Miss Fannie Pannell was one of Summer's Chapel's fairest young ladies. Mr. Hestand Estes is a young man well thought of. He has been living here at Galey for eight years or more. Hestand takes part in everything that advances the interests of the country.

Mr. W. E. Harris gave the young folks a singing last Sunday night and certainly had a good singing.

Mr. W. E. Harris made a trip to Ada last Monday.

Mr. Logan Wall and his sister Minnie have returned home.

Mr. Leonard Willoughby is now able to be up and maybe he will make it all right without any more danger.

Mr. A. J. Hughes and Mr. George Odom have brought them a saw mill and are going to move it on their farm.

Mr. Willie Boen went to Chism Sunday evening.

Mr. Bob Willoughby was riding with the oil man the other day, I guess they were leasing.

WAR ODDITIES.

London—King George has given Upper Lodge, a beautiful old house in Bushe Park, to the Canadian Red Cross to be used as a convalescent home.

London—"Billy," the famous King Penguin at the Zoo, died of grief soon after his keeper, enlisted in the army.

London—Keep a goat and reduce your milk bill forty per cent. A newly formed league called the National Utility Goat Club, wants this done.

London—England's latest rumor about the German Crown Prince declares that Wilhelm has lost his mind and is now a prisoner in one of the Imperial German palaces under care of specialists.

HAPPYLAND

Cotton is just about all out in this section and those who have to move can soon be making changes.

Quite a crowd attended the box supper here Saturday night. The proceeds amounted to about \$30. Miss Birdie Price of Steedman got the cake for the prettiest girl.

Several from this part were in Ada Saturday on business.

Profs. McCoy and Ashmore and several others from Steedman attended the box supper Saturday night.

Elmer Anderson came up from his school Friday night and spent the week end with home folks.

Jess and Ed Lamb of Red Oak neighborhood were visiting friends in this part Saturday night and Sunday.

Our school is progressing very nicely and the attendance is getting better every day.

Prof Crow and children are clearing up the school grounds and making things look different. They will do quite a lot of improving around the house which will add very much to the comfort and convenience of the school.

CATTLE INSPECTORS LAID OFF FOR A TIME

The County Commissioners have laid off the dipping inspectors until spring, as there will be no more cattle dipping until that time. It is probable, however, that either the state or federal inspector will remain in the county to watch the quarantine lines.

For Sale—A Baby Farm.

San Francisco, Dec. 9.—For sale—a baby farm. San Francisco can have it at its own price. It has saved scores of babies born into the world apparently without a chance to live.

This station is the incubator exhibit in the closed Joy Zone at the exposition. Dr. Couney has been saving frail mites of humanity with the dimes paid for admission by the curious. He suggested that it be made a permanent institution. Children born into the world prematurely or apparently too small to exist, rested from one to four months in the incubators and today they are healthy, lusty infants.

Bring your big, clean cotton rags to the News office and get 3 cents, a pound for them.

Chicken or Turkey dinner every Sunday and Thursday, at Commercial hotel, 25 cents. 11-20-1m

bank building. Mr. Huser is an agreeable young man and will doubtless build up a big practice.

Cotton has been running along in about the same groove as for the past few days.

Ruth Ellison, the daughter of W. A. Ellison and wife, is reported worse today, pneumonia having set up as a complication to the fever.

W. D. Little left this morning for McAlester to witness the execution of the negro at the penitentiary Friday morning. The News will thus get a first hand account of the affair.

S. M. Magnuson, while cutting stumps from the road between Steedman and Allen, injured one of his hands. Infection set up, but it is thought now that blood poison will be prevented.

Mrs. Clell Bonner of San Francisco is visiting her mother, Mrs. L. R. Bonner, and friends in the city and will remain until after the first of the year.—Oklahoman.

Talking about big radishes, W. E. Pitt brought in one today which weighed, when pulled, 7 1-2 pounds. It was two feet in length and is the biggest seen this season.

Mrs. W. H. Lively has received a Thanksgiving box from her son, Earl, who has a position with King's grocery at Tulsa. Part of the contents of the box consisted of sandwiches made from a gigantic cheese weighing 1,000 pounds which Mr. King ordered recently. The News force sampled the sandwiches and found the cheese most excellent.

The Katy railroad is putting in a new crossing at the intersection of Main street. This has been a very bad crossing and President Frick of the Commercial club has been untiring in his insistence that it be improved. When matters improve somewhat with the road, several other improvements around the station are expected to be made.

The many friends of Miss Armstrong, who was hurt while out on a possum hunt Saturday night with the Normal students, will be pleased to learn that she is steadily improving, and is able to be up. Miss Armstrong was going across the Katy trestle north of the city, and there is two tracks and Miss Armstrong states that in the reflection of the moon she thought she saw a concrete walk in between, and stepped over, and fell a distance below of about thirty-five feet. Fortunately the ground beneath was sandy, or she would have been more seriously injured.—Durant Democrat.

FRANK JONES DIES AT OKLAHOMA CITY

Frank Jones, Jr., died this morning at the residence of E. W. Hardin, Oklahoma City, after a long illness of pneumonia, which developed after he had undergone an operation. The body will be brought to Ada Friday morning via the Katy. The funeral services will be held at the cemetery by Rev. Luther Roberts, pastor of the First Methodist church immediately after arrival of train.

Frank Jones was 23 years of age and most of his life was spent at Ada. He was a model young man, of steady habits, and upright conduct and possessed the confidence of everybody. He had a most promising future and life was sweet to him, but on its very threshold he was stricken down. His death follows that of his father, Frank Jones, Sr., by only a month. He is survived by two brothers, Harry and Boone.

JAMES AUTEN HAS

STATE RECORD
It is generally believed here that James Auten has made the greatest yield of cotton of any boy in Oklahoma. James is a mere child, being only ten years old and weighing only seventy-three pounds. He produced more than 5,500 pounds of seed cotton on his two acres. This is an average of almost two bales to the acre.

James says that the cost of producing his cotton was \$43.35. This included everything, the rent on the land, his own time, the wear and tear of machinery and such other things as would come in. He used commercial fertilizer on one acre, but says this acre did not make any more cotton than the other one. The picking cost \$41.00, making the total cost of production and picking \$84.35. The bolls will pay for the gin. He has sold already \$226.00 worth of cotton and has some still left. He has kept 60 bushels of seed and will sell these in the spring for a dollar a bushel. Thus his receipts will be well over the \$300 mark, and he will actually clear \$200 or more.

A few months ago the American Magazine ran a story under the title "Youth Leads the Way." It begins to look as though youth will lead the way in farming, if there are many James Autens.

CURTIS AND OTIS FLOYD MAKE MONEY ON FOUR ACRES

Below is a letter from Curtis and Otis Floyd, two small boys who are becoming real farmers. Their yields of cotton and corn are not as heavy as some other boys have obtained this season, but you will notice in the report that the profit is good and that is what we are trying to get. It does not matter much about the bulk price we get for our produce. The thing that interests us is the margin between the cost and the selling price.

THE JUNIOR FARMER is anxious to have other boys and girls write a letter telling about the cost and profit of their acre or acres. We want the girls to write. Some of them must have some very interesting things to tell about the canning work.

CROP REPORT

Having finished our crop for this year I will report a gain. Our crop consisted of 4 acres, two in cotton and two in corn. One acre of the cotton was also planted in Potatoes. We received just as much cotton off that acre that was planted in potatoes as we did off the other acre. We made 2310 lbs. of seed cotton and 50 bushels of potatoes.

Amount received for cotton.....\$112.54
Amount received for potatoes.....37.50

Total received \$150.04

COST

Preparing and planting.....\$5.00
Cotton Seed.....2.00
Potato Seed.....5.00
Cultivating.....7.50
Gathering and digging potatoes.....12.50
Picking the cotton.....17.75
Fertilizer.....2.50

Total cost, \$42.25

Net Gain.....\$107.79
The acre on which every other row was planted to potatoes:

I received.....\$93.77
Cost.....\$27.37

Net Gain, \$66.40

The two acres that were planted to corn we gathered 125 bushels. Rating the corn at 50c a bushel.....\$62.50
Total cost of fertilizing, cultivating gathering etc, \$24.00
Net Gain, \$38.50

Total amount received on the 4 acres.....\$212.54
Total expense on 4 acres \$66.25

Net gain on the 4 acres \$146.29

We feel that we have been benefited by the work of the club and the assistance of Mr. Ellis. I think that he ought to be retained by the Commissioners. It does not appear to me that the little sum of \$500 to the entire county tax would justify the discontinuance of such work, when they place upon us thousands of dollars tax for things of less importance than this to the farmers.

As a club member I am willing to pay a monthly due to keep the work if the Commissioners can't be induced to continue the work.

Otis and Curtis Floyd.

Conferring on Balkans.

Paris, Dec. 9.—Kitchener and Grey are representing England on the allied war council session today. They expect decisive action to be taken regarding the Balkan campaign.

Oil and Gas News

TIDEWATER.

The Tidewater people state that during the past twenty-four hours developments in their well have been most promising, showings of both gas and oil being found.

MACHWAITE.

The well on the Floyd place just north of the city limits, Sec. 28-46, will be spudded in within a few days. The machinery is being hauled out to the derrick.

WILL CONSIDER GLASS FACTORY TOMORROW

A conference is scheduled to take place at Ada Friday between officials of the railroads and the glass casket people concerning a siding to the site of the factory. With this question disposed of work will not likely be delayed much longer.

Failures Last Week.

Commercial failures last week in the United States, as reported by R. G. Dun & Co., are 361, against 345 the week before, 387 the preceding week and 493 the corresponding week last year. Failures in Canada number 26, against 51 last week, 377 the preceding week and 88 last year. Of failures this week in the United States, 116 were in the East, 124 South, 75 West and 46 in the Pacific States, and 118 reported liabilities of \$5,000 or more against 128 last week.

W. S. Woods was in the city, Saturday. He stated that he made six bales of cotton off six acres and paid \$105.53 rent on same. He also made 400 bushels of corn from seven acres. This is a good record for any man, and in view of the fact that Mr. Woods is sixty years of age, the showing is remarkable.

owns a farm. Mr. Harrel has been a resident of Ada for the past five years. G. G. Davis left Wednesday on a business trip to Kinta.

Mrs. Homer Phelps left this morning on a week's visit to Ravia.

Big, clean cotton rags are wanted at the News office. Three cents a pound.

This morning a negro officer from Okmulgee came after a negro held here on a charge of burglary there.

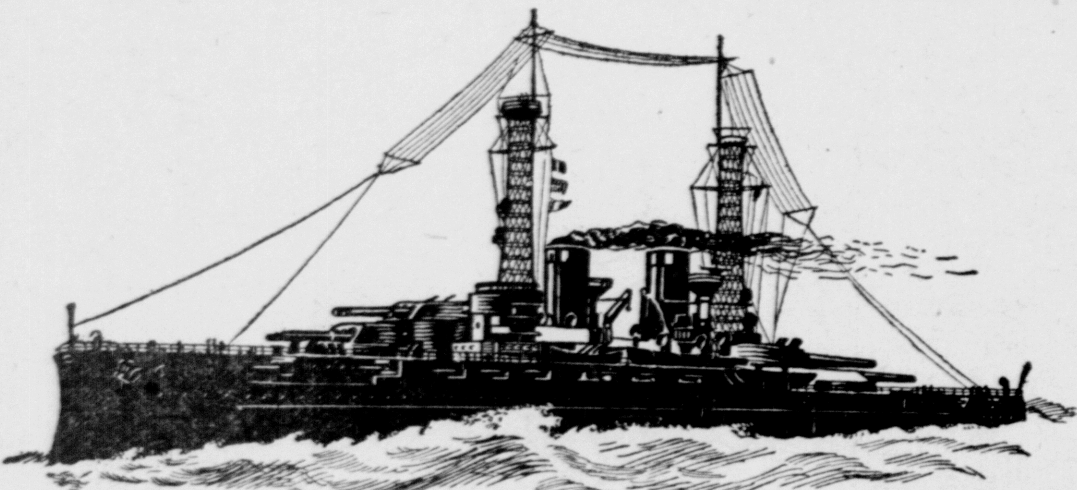

R. M. Roddie claims to be some gardener, and as proof of his skill in this line showed the News a beet from

his garden which when pulled up weighed around seven pounds.

R. E. Haynes attended the meeting of the Oklahoma Hardware Association at Oklahoma City Wednesday.

Elbert Reed, a son of W. J. Reed and wife, arrived this morning from Seattle where he is serving in the U. S. navy on the West Virginia. He is at home on a furlough.

Tom Huser, formerly of Okemah, has come to Ada to practice law. For the present he will be associated with Dan M. Pendleton in the rear of the Merchants and Planters National

Preparedness The Vital Factor—

not alone in affairs of the Nation, but with the health of every citizen. One seldom knows when the common enemy, sickness, in one form or another, is about to strike; and the best form of preparedness is to keep body and brain healthy. Active brains and vigorous bodies are the result of right living—food plays a big part.

Grape-Nuts

FOOD

made of whole wheat and malted barley, supplies all the bone- and brain-building, nerve- and muscle-making elements of the grains, including the vital salts, phosphate of potash, etc., often lacking in the diet of many, but imperative for bounding good health.

Grape-Nuts is easily digested—comes ready for table directly the germ-proof, moisture and dust-proof packet is opened. With good milk or cream Grape-Nuts supplies complete nourishment.

A ration of Grape-Nuts each day is a safe play for health, and
